More fonts allow you to be more creative - now you can make the perfect book, what are you waiting for?

We always strive to provide the best and easiest way for you to make your own book - it's amazing to see all the different types of books being made and how appreciated our service [Invite-others](#) is! An automated service provides your friends with an e-mail where they can contribute with greetings or other writings and photos - everything is automatically transferred to your book. It's simple and fun - an unforgettable gift!

The Solentro school, lesson 1:

The editor/toolbar is a "write mode", you have to click on PREVIEW to be able to see how your book will be. Always preview your book in the PREVIEW-mode before you place your order.
